Parent and Child Orientation

We are so glad you have made the decision to join our Village family and to allow us to care for and educate your young child. We hope this will be a positive and rewarding experience for you and your child.

1. The first step in becoming a part of The Village is taking a tour of our facility. We hope you enjoyed or will enjoy your tour. You are welcome to bring other members of your immediate family to take a tour if they would like.
2. We will be explaining all of the enrollment information to you, so please feel free to ask any questions about our paperwork or program at that time. Of course, if something comes up later just ask us about it.
3. Each child and family has their individual ways of adjusting to our program and the group setting. We invite you to spend some time with your child in our program, either one day or a few mornings for example, to help you and your child feel more comfortable with the new surroundings. At that time the teachers will give you an in-depth tour of the classroom, complete with any class policies you may need to know, and answer your questions. You will have a great opportunity to understand the curriculum and daily routine. Please talk to your child's teacher to set this time up so that it works with your schedule.

Welcome!!!!
