

Hello!

To those that know me, I'm back! To those that do not know me, my name is Adam and I will be assisting Kevin in running this year's summer camp at The Village Academy! I come from a small town within the county of Cornwall in England, best known for its beaches and relaxed way of life, much like St. Augustine. I first arrived in St. Augustine as a camp counselor in 2014, returning for a second summer the following year, and I cannot express how excited I am to be coming back to this beautiful city once again.

Since then, I have been working in the Adventure Ocean kids' club on board various Royal Caribbean cruise liners. It was an incredible experience travelling the world and sailing the seas, but now I am eager to get my feet back on land and take advantage of this amazing opportunity to return to camp once again!

Some of my most fond memories have come from working with the children at the Village Academy, and I know there are so many more to be made in what is shaping up to be the wildest, messiest and most adventurous summer camp to date!

Hi!

I'm Harriet! I am going to be in charge of our new program called Counselors in Training (CIT) for the Village Academy Summer Camp. I am from the seaside town of Brighton in England. I have worked as a camp counsellor for the past two summers and I am very thrilled to be returning to St. Augustine. The past two summers at The Village Academy Summer Camp were great fun and I'm so excited to be involved again this year. I love trying new ideas and getting involved in as many organizations as possible.

I have studied childcare for the past 8 years and have a Level 3 diploma in Childcare and Education. I have worked in various areas of childcare from being a nanny in New Zealand to working in preschools in the United Kingdom. In my spare time I love being active and being outdoors. I enjoy going on walks, exploring new places, spending time at the beach, photography, arts and crafts, music, and traveling.

I am looking forward to leading the CIT program as I believe this is a fantastic way to help teenagers grow professionally. This is going to be an exciting program for those who want to develop leadership, social, and communication skills.
